WESTERN AUSTRALIA

SPiRiT OF ADVENTURE

Whilst many of the world's tourism destinations are over crowded and well trodden, Western Australia is an unpolished gem; unspoilt, unpretentious and brimming with unique adventures and heartfelt moments.

We invite you to **INDULGE, EXPLORE** and **UNWIND**
in our great state.

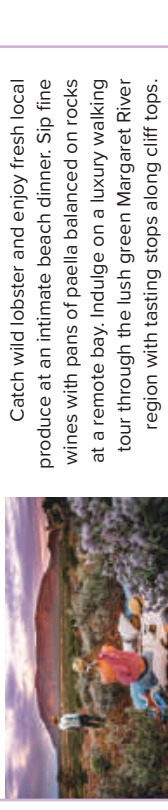

EXPLORE ANCIENT TRACKS

A person wearing a yellow t-shirt and a tan hat is pointing their right index finger towards a rock wall covered in ancient petroglyphs. The scene is outdoors, with a sandy ground and a clear sky. The petroglyphs are dark and carved into the light-colored rock surface.

BAREFOOT LUXURY

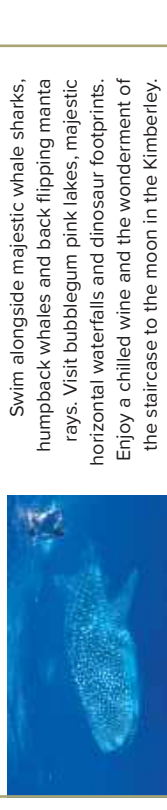

Catch wild lobster and enjoy fresh local produce at an intimate beach dinner. Sip fine wines with pans of paella balanced on rocks at a remote bay. Indulge on a luxury walking tour through the lush green Margaret River region with tasting stops along cliff tops.

OTHERWORLDLY PHENOMENA

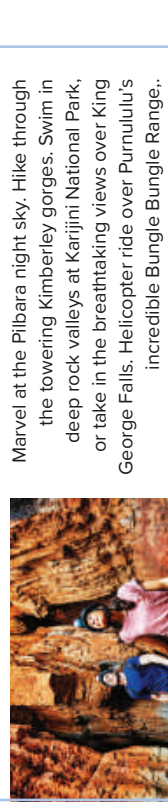

Swim alongside majestic whale sharks, humpback whales and back flipping manta rays. Visit bubblegum pink lakes, majestic horizontal waterfalls and dinosaur footprints. Enjoy a chilled wine and the wonderment of the staircase to the moon in the Kimberley.

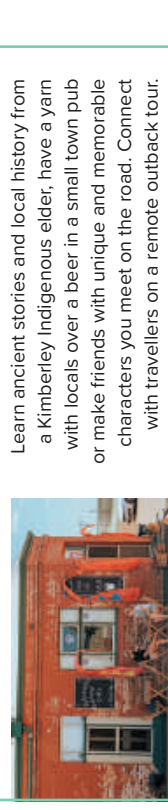

MAJESTIC LANDSCAPES BIG SKIES

Marvel at the Pilbara night sky. Hike through the towering Kimberley gorges. Swim in deep rock valleys at Karinjini National Park, or take in the breathtaking views over King George Falls. Helicopter ride over Purnululu's incredible Bungle Bungle Range.

FULL OF CHARACTER

TRAVEL TIPS: Travelling through the unique towns and open spaces of Western Australia is an experience never to be forgotten. Red sands of the outback meets the clear turquoise water of the Indian ocean, and lush green National Parks meet the rugged south west coast line.

While the remoteness, wildlife, sense of freedom and space are what makes Western Australia so special, they can also cause some problems for the unprepared, particularly in the remote North West. Hello Perth has put together some useful tips to help make your holiday as pleasant and safe as possible.

DRIVING WILDLIFE

It is important that your vehicle is in roadworthy condition and mechanically capable of safely completing your journey.

- check your **spare tyre** is inflated and in good working order.
- carry **plenty of water** for yourself, passengers and vehicle
- ensure you have **adequate tools** to make vehicle repairs
- if you should break down remain with your vehicle until help arrives; wait for the next passing car; **never walk off** through the bush to find help
- **be careful** overtaking road trains as trucks can be towing three or four trailers and be more than 50 metres in length
- carry an adequate **first aid kit**, check **unsealed road conditions** as closures can occur after heavy rain
- call the Main Roads Department for the latest road conditions on **138 138** or contact the local Visitor Centre.

ROAD SAFETY COMMISSION

80% of fatigue related crashes are on country roads. To arm yourself against it, get at least 7.5 hours sleep before driving. On long journeys, take a break every 2 hours and swap drivers regularly. Finally, beware of roaming wildlife, with most activity occurring around sunrise and sunset. If you do see an animal on the road sound your horn, and if it is safe to do so, drive slowly around them. Do not swerve around an animal to avoid.
