GENERAL INFO & GETTING THERE

Leave Perth City behind and enjoy the breath-taking scenery and world-class facilities of Perth's Sunset Coast. The pristine beaches and crystal clear water are ideal for swimming, snorkeling and relaxing and are connected with easy pedestrian and cycle pathways. Scarborough and Trigg are renowned as Perth's most popular surfing spots with lessons and board hire available.

The Scarborough foreshore is a vibrant stretch of coastline with two memorable pedestrian promenades, a children's adventure playground, art projects, a variety of skate bowls, climbing wall, half-court basketball, exercise equipment, amphitheatre and famous Sunset Hill. Overlooking the Indian Ocean is Scarborough Beach Pool, geothermally heated so it can be enjoyed all year round.

Hilliarys Boat Harbour is a premier recreational destination for both locals and visitors, offering unique experiences and a huge selection of dining and shopping choices. The Harbour is home to the Aquarium of Western Australia, Rottrest Fast Ferries and Mills Fishing Charters. Being the gateway to the Marmion Marine Park, you can take a day fishing tour or a diving day out. You can even enjoy a Harley Davidson tour! Shop for surfwear, unique locally made jewellery and gifts, art or Willie Creek Pearls, and dine in one of the many cafes, restaurants and bars. There is also a protected swimming enclosure at Sorrento Beach.

Cottesloe has been one of Perth's most popular beaches for decades. The foreshore is home to Sculptures by the Sea in March each year, and a protected swimming enclosure is installed north of the groyne from Spring to Autumn. South of the groyne, Duchie's is a popular windsurfing spot.

Getting there: Scarborough Beach is only 12.6km north of the Perth CBD and can be reached by car in less than 20 minutes, or by public transport in under 40 minutes. Cottesloe Beach is 12.5km south-west of the CBD, with similar travel times. Hilliarys Boat Harbour is 23.7km north of the Perth CBD, and takes approximately 24 minutes by car or 45 minutes by public transport. All routes and times can be viewed at www.transperth.wa.gov.au/journey-planner.

For more information, visit www.helloperth.com.au or drop into the WA Visitor Centre, 55 William Street, Perth. Please note there is street parking along much of the coast; only actual carparks are marked on the map.

MARMION MARINE PARK

The Marmion Marine Park was WA's first marine park, declared in 1987 and named after early settler Patrick Marmion (1815-1856) who operated a whaling station in the area in 1849. North of Trigg, the park covers an area of 10,500 ha, from Trigg Island to Burns Beach, and is an ocean lover's paradise. Clear shallow lagoons, reefs, and small islands provide habitats for a diverse range of seabirds and marine mammals, in particular the bottlenose dolphin and, at certain times of the year, humpback whales. The park is popular for diving, fishing, snorkeling, windsurfing and boating. Visit the website where you can download the park map.
