## ROAD SAFETY COMMISSION

Don't ignore the yawning signs. A lack of sleep slows your reactions and decisions when driving, increasing the risk of a crash. Fatigue can also cause micro-sleep. Five seconds of this at 100km/h is like driving the length of a football field blindfolded. To arm yourself against fatigue, know the amount of sleep you need and get it regularly. On long journeys, take a break every two hours and swap drivers regularly. Visit the website for more information.

## LAKE CLIFTON THROMBOLITES

38

Located at Yalgorup National Park, south of Mandurah, the thrombolite reef at Lake Clifton offers you a glimpse of what life was like when the earth began. These rock-like formations are found in only a few places in the world and scientists believe that thrombolites are one of the first life forms on earth, dating back approximately 570 million years, producing oxygen that made all subsequent life possible. The Lake Clifton thrombolites are approximately 2,000 years old and the largest in the southern hemisphere. January to May is the the best time to see them when the water levels are low.

## THINGS TO SEE & DO

**SPOT** dolphins playing in Mandurah's waterways and canals on a boat hire or cruise. **CATCH**, learn about, and indulge in Western Rock Lobster on a Wild Seafood Experience Cruise. **ENJOY** a holiday of a lifetime relaxing and cruising on a houseboat. **GRAB** your binoculars or book a guided nature walk to go birdwatching at the Creery Wetlands. **VISIT** the 2,000-year old thrombolite reef at Lake

Mandurah is less than an hour's drive south of Perth via the Kwinana Freeway, exiting at Mandjoooordap Drive. Mandurah is a great base to explore the Peel Region, with most places within a 30 minute to one hour's drive. You will need a vehicle to get the most out of your visit, and there are many car hire companies in Perth who can assist with affordable car rental. Transperth's Mandurah Line provides a regular fast train service between Perth and Mandurah. There are two departure stations in central Perth; Perth Underground and Elizabeth Quay. The journey takes just under an hour, departing every 10 to 15 minutes. Visit [transperth.wa.gov.au](http://transperth.wa.gov.au) for more information. For a different rail journey, consider taking the scenic inland route aboard TransWA's Australind service, stopping at six locations in the Peel Region. Visit [www.transwa.wa.gov.au](http://www.transwa.wa.gov.au). Once in Mandurah, the city is very walkable, with good paths, open spaces and waterside boardwalks. To explore further afield you can also take a taxi or join a guided tour.

Clifton and see what life was like when the earth began. **TAKE PHOTOS** with the incredible 3D art paintings on the Mandurah Instagram-Trail. **FIND** your inner adventurer on the mountain bike trails in Dwellingup. **CLIMB, SWING AND HANG** around high-up in the treetops on an obstacle course at Lane Poole Reserve in Dwellingup. **INDULGE** on the Peel Region Craft Beer and Wine Trail.

The first people to have inhabited the Mandurah region were the Bindjareb people of the Noongar Nation, who named the locality Mandjoooordap, which translates as 'meeting place of the heart'. In 1828, Englishman Thomas Peel established a small settlement at the mouth of the Peel-Harvey Estuary, that was to become Mandurah. In the late 1800s, the quiet fishing village carved an existence from fishing, farming and canneries. In 1846, Western Australia's first mining operation was established at Yarrabah (near present-day Mundijong), mining lead, silver and zinc. The Jarrahdale timber mill, established in May 1872, became the state's largest timber operation, and led to the development of service centres for the timber industry along the Perth-Picton railway line at Mundijong, Waroona and Dwellingup. In recent times, the timber industry has declined, but the establishment of alumina refineries at Pinjarra and Wagerup, and gold mines at Boddington, have helped the local economy.
